MEMORANDUM FOR

General Allen

SUBJECT: ICAF Visit to Langley Center

An ICAF study group on "The Management of Intelligence Resources" will visit the Langley Center on Friday, April 27, 1973. Presently the IC is committed to the ICAF director of this activity and to the CIA Office of Training to occupy the 0920-1100 slot on the subject of "The Resource Management Role of the DCI." The present plan for the use of this time is that General Allen will use about 30 minutes to describe the new realization of the IC staff, its composition, functions and interaction with the community and the remaining time will be devoted to a seminar involving the four of us and hopefully a good deal of interaction with the ICAF students.

As a basis for this seminar activity you might wish to prepare five minutes or so of material which you think would be descriptive of Group activities and I will undertake to do this for the PEG if we do not have a chief at that time.

I hope you will be able to set this time aside. Please let me know if there is any way I can help.

I would appreciate it if you would forward to me at your early convenience an appropriate biography to send to the ICAF students for background information.
